**THE SCOUT ASSOCIATION OF AUSTRALIA  
WESTERN AUSTRALIAN BRANCH**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2010**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Branch Executive Board. The Branch Executive has determined that the Branch is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

**(a) Income Tax**

No provision for income tax has been raised as the Branch is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

**(b) Inventories**

Inventories are measured at the lower of cost and net realisable value.

**(c) Property, Plant and Equipment**

Freehold land and buildings are carried at cost or at independent or committee's valuation.

Other fixed assets are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all fixed assets are depreciated over the useful lives of the assets to the association commencing from the time the asset was held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The carrying amount of fixed assets is reviewed annually by the committee to ensure it is not in excess of the recoverable amount of those assets.

The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

**(d) Employee Benefits**

Provision is made for the Branch's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at the amounts expected to be paid when the liability is settled. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

**(e) Provisions**

Provisions are recognised when the Branch has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at reporting date.

**(f) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**THE SCOUT ASSOCIATION OF AUSTRALIA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2010**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(g) Revenue**

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Revenue from sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds which is generally at the time of the receipt.

Grant revenue is recognised in the income statement when the entity obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably. If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied. When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the balance sheet as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Other revenue is recognised when the right to receive the revenue has been established.

All revenue is stated net of the amount of goods and services tax (GST).

**(h) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

**(i) Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**(j) Branch Accounts**

The accompanying financial statements reflect the assets, liabilities and operating results of the Branch and exclude assets and liabilities held by scouting groups that are associated with the Branch.

**(k) Custodial Funds**

Custodial funds do not specifically relate to the activities of the Branch. The accumulated values of custodial funds are reflected as a current asset with a corresponding current liability in the Branch's Balance Sheet. Refer Note 15 for details.

**(l) Donations and Corporate Sponsorship**

Funds received, the expenditure of which is not conditional, is credited to revenue at the time the funds are received.

Funds received which contain certain specified conditions regarding their use are held in trust until such time as the attaching conditions have been met. Once the obligations are fulfilled, the relevant amounts are then paid into the Branch bank account and credited to revenue. Refer Note 16 for details.
