I would like to inform all WA Branch members of the 2011 Membership fees structure.

At its December meeting the Board discussed and approved the 2011 Branch membership fees structure as put forward by the Finance & Investment Sub-Committee. As a result the Board has approved an increase of the annual base membership fee to \$150.

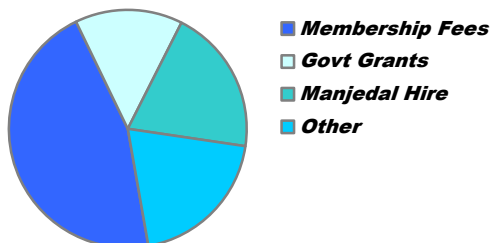

Key aspects of this year's fee structure are;

1. A marginal increase in youth membership fees incorporating a CPI increase
2. Holding the Leader fees at \$140
3. A slight increase over CPI for the balance of the other membership categories

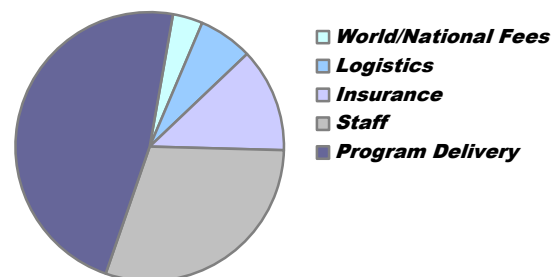

Please refer to the membership fee schedule on page 2 for other membership categories

The graphs below outline the key income and expense centres for the Scout WA.

Scout Association Income

Scout Association Expenditure
